MATERIALS NEEDED DAILY

- Graph paper notebook
- Calculator with basic functions (including square root key)
- Pencils for homework
- Colored pencils
- Correcting pen (red preferred)
- One binder section for math materials

GRADES

Your grade will be broken down in the following way:

Homework & Homework Quizzes 20%

Quizzes & Tests 80%

HOMEWORK & HOMEWORK QUIZZES

- Homework will be assigned Monday through Friday.
- Students should expect homework to take approximately 45 minutes on most nights.
- Students must check their homework answers on the website before coming to class and must mark each answer with a star or a question mark in order to receive full credit.
- Homework will receive points for completion.
- Homework quizzes will be given once per chapter to assess whether students have corrected mistakes on homework assignments.
- Students will have two late homework passes per trimester. Late work must be completed before the chapter test.

QUIZZES & TESTS

- Quizzes will be given in most chapters.
- Some quizzes will be taken individually; others will be taken in groups (or pairs). Students always have the option to take a quiz on their own if they notify the teacher of this choice before groups are announced. On group quizzes, all group members will receive the same grade.
- Tests will be given at the end of every chapter. Students cannot retake a test, so they should study the first time around!
