

13.4

Solving Using Multiplication and Division

Solve

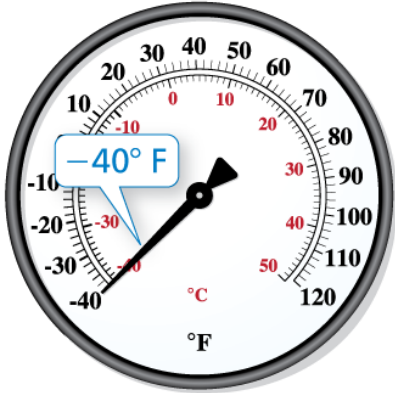

$$a) \quad \frac{x}{3} = -6$$

$$b) \quad 18 = -4y$$

Solve

$$c) \quad -\frac{4}{5}x = -8$$

Application

Record low temperature
in Arizona

The record low temperature in Arizona is 1.6 times the record low temperature in Rhode Island. What is the record low temperature in Rhode Island?

Application

The record low temperature in Hawaii is -0.15 times the record low temperature in Alaska. The record low temperature in Hawaii is 12°F . What is the record low temperature in Alaska?
