MATERIALS NEEDED DAILY

- Spiral notebook
- Calculator with basic functions (including square root key)
- Pencils for homework
- Colored pencils
- Correcting pen (red preferred)
- One binder section for math materials

GRADES

Your grade will be broken down in the following way:

| | |
|---------------------------------------|-----|
| Homework, Warm Ups & Homework Quizzes | 25% |
| Quizzes & Projects | 30% |
| Tests | 45% |

DAILY HOMEWORK & PARTICIPATION

- Homework will be assigned Monday through Friday.
- Students should expect homework to take approximately 20-25 minutes on most nights.
- Students must check the homework answers before coming to class and must mark each answer with a star or a question mark in order to receive full credit.
- Homework will receive points for completion. Homework with problems left blank or skipped will not receive full credit.
- Homework quizzes will be given once per chapter or unit to assess whether students have corrected mistakes on homework assignments.

TESTS, QUIZZES & PROJECTS

- Quizzes will be given once or twice per chapter.
- SPECIAL QUIZ CORRECTIONS – All students have the opportunity to earn more points towards their score on their quizzes. There will be ½ credit given to each problem that they correct. All of these corrections have to be done on a separate piece of paper (showing all work!) and turned back in with the original quiz.
- Tests are given at the end of each chapter. Corrections or retakes for an improved grade are not allowed, so **please get help before the test.**
