

## Math 7: Zooming in on Figures

### Unit 6 Khan Academy Playlist

#### Directions:

- 1) Log in to khanacademy.org
- 2) Type the exercise in the search bar at the top
- 3) Click on the skill that matches exactly
- 4) Work on the exercise until:
  - a. You've reached "Practiced"
  - b. You've worked for at least 15 minutes
- 5) Each time you log into Khan Academy, complete at least one Mastery Challenge – this allows you to reach higher levels above "Practiced"!

#### Grading:

- Each exercise is worth 2 points
  - To earn full credit, reach "Practiced" or work on it for at least 15 min.
- Extra credit: Going beyond "Practiced" (Level One, Level Two, Mastered)
  - 0.25 point for each exercise

Use the chart below to find the exercises and keep track of your progress.

When to work on the exercise	Exercise	Practiced	Level One, Level Two, Mastered
After 10.2	#1 <a href="#">Comparing probabilities</a>		
After 10.2	#2 <a href="#">Making predictions with probability</a>		
After 10.2	#3 <a href="#">Simple probability</a>		
After 10.3	#4 <a href="#">Experimental probability</a>		
After 10.3	#5 <a href="#">Probability models</a>		
After 10.5	#6 <a href="#">Probabilities of compound events</a>		
After 10.5	#7 <a href="#">The counting principle</a>		
After 10.5	#8 <a href="#">Sample spaces for compound events</a>		
After 10.6	#9 <a href="#">Making inferences from random samples</a>		
After 10.6	#10 <a href="#">Valid claims</a>
