

Geometry – Volume of Prisms

Find the volume. Show all work.

Make a sketch of the rectangular prism with the given dimensions. Then find its volume.

9) length = 2 in., width = 2 in., height = 3 in.

10) length = 5 cm, width = 6 cm, height = 7 cm

Find the height of the rectangular prism. Show all algebraic work.

11) $V = 120 \text{ mm}^3$
 $\ell = 5 \text{ mm}$
 $w = 8 \text{ mm}$
 $h = \underline{\hspace{2cm}}$

12) $V = 720 \text{ ft}^3$
 $\ell = 10 \text{ ft}$
 $w = 8 \text{ ft}$
 $h = \underline{\hspace{2cm}}$

13) Find the volume of the aquarium shown.

14) You are building the steps shown below. How many cubic inches of concrete will you need to make the steps?
